23 September 2022

Dear Madam,

Re: The Statutory Independent Public Inquiry into Urology Services in the Southern Health and Social Care Trust

Provision of a Section 21 Notice requiring the provision of evidence in the form of a written statement

I am writing to you in my capacity as Solicitor to the Independent Public Inquiry into Urology Services in the Southern Health and Social Care Trust (the Urology Services Inquiry) which has been set up under the Inquiries Act 2005 ('the Act').

I enclose a copy of the Urology Services Inquiry's Terms of Reference for your information.

You will be aware that the Inquiry has commenced its investigations into the matters set out in its Terms of Reference. The Inquiry is continuing with the process of gathering all of the relevant documentation from relevant departments, organisations and individuals. In addition, the Inquiry has also now begun the process of requiring individuals who have been, or may have been, involved in the range of matters which come within the Inquiry's Terms of Reference to provide written evidence to the Inquiry panel.

The Urology Services Inquiry is now issuing to you a Statutory Notice (known as a Section 21 Notice) pursuant to its powers to compel the provision of evidence in the form of a written statement in relation to the matters falling within its Terms of Reference.

The Inquiry is aware that you have held posts relevant to the Inquiry's Terms of Reference. The Inquiry understands that you will have access to all of the relevant information required to provide the witness statement required now or at any stage

Issued by Urology Services Inquiry on 23 September 2022. Annotated by the Urology Services Inquiry.

throughout the duration of this Inquiry. Should you consider that not to be the case, please advise us of that as soon as possible.

The Schedule to the enclosed Section 21 Notice provides full details as to the matters which should be covered in the written evidence which is required from you. As the text of the Section 21 Notice explains, you are required by law to comply with it.

Please bear in mind the fact that the witness statement required by the enclosed Notice is likely (in common with many other statements we will request) to be published by the Inquiry in due course. It should therefore ideally be written in a manner which is as accessible as possible in terms of public understanding.

You will note that certain questions raise issues regarding documentation. As you are aware the Trust has already responded to our earlier Section 21 Notice requesting documentation from the Trust as an organisation. However if you in your personal capacity hold any additional documentation which you consider is of relevance to our work and is not within the custody or power of the Trust and/or has not been provided to us to date, then we would ask that this is also provided with this response.

If it would assist you, I am happy to meet with you and/or the Trust's legal representative(s) to discuss what documents you have and whether they are covered by the Section 21 Notice.

You will also find attached to the Section 21 Notice a Guidance Note explaining the nature of a Section 21 Notice and the procedures that the Inquiry has adopted in relation to such a notice. In particular, you are asked to provide your evidence in the form of the template witness statement which is also enclosed with this correspondence. In addition, as referred to above, you will also find enclosed a copy of the Inquiry's Terms of Reference to assist you in understanding the scope of the Inquiry's work and therefore the ambit of the Section 21 Notice.

Given the tight time-frame within which the Inquiry must operate, the Chair of the Inquiry would be grateful if you would comply with the requirements of the Section 21 Notice as soon as possible and, in any event, by the date set out for compliance in the Notice itself.

Issued by Urology Services Inquiry on 23 September 2022. Annotated by the Urology Services Inquiry.

If there is any difficulty in complying with this time limit you must make application to the Chair for an extension of time before the expiry of the time limit, and that application must provide full reasons in explanation of any difficulty.

Finally, I would be grateful if you could acknowledge receipt of this correspondence and the enclosed Notice by email to Personal Information redacted by the USI.

Please do not hesitate to contact me to discuss any matter arising.

Yours faithfully

THE INDEPENDENT PUBLIC INQUIRY INTO
UROLOGY SERVICES IN THE
SOUTHERN HEALTH AND SOCIAL CARE TRUST

Chair's Notice

[No 77 of 2022]

Pursuant to Section 21(2) of the Inquiries Act 2005

WARNING

If, without reasonable excuse, you fail to comply with the requirements of this Notice you will be committing an offence under section 35 of the Inquiries Act 2005 and may be liable on conviction to a term of imprisonment and/or a fine.

Further, if you fail to comply with the requirements of this Notice, the Chair may certify the matter to the High Court of Justice in Northern Ireland under section 36 of the Inquiries Act 2005, where you may be held in contempt of court and may be imprisoned, fined or have your assets seized.

TO:

Noleen Elliot
Personal Secretary
C/O Southern Health and Social Care Trust
Headquarters
68 Lurgan Road
Portadown
BT63 5QQ

Issued by Urology Services Inquiry on 23 September 2022. Annotated by the Urology Services Inquiry.

IMPORTANT INFORMATION FOR THE RECIPIENT

1. This Notice is issued by the Chair of the Independent Public Inquiry into Urology Services in the Southern Health and Social Care Trust on foot of the powers given to her by the Inquiries Act 2005.

2. The Notice requires you to do the acts set out in the body of the Notice.

3. You should read this Notice carefully and consult a solicitor as soon as possible about it.

4. You are entitled to ask the Chair to revoke or vary the Notice in accordance with the terms of section 21(4) of the Inquiries Act 2005.

5. If you disobey the requirements of the Notice it may have very serious consequences for you, including you being fined or imprisoned. For that reason you should treat this Notice with the utmost seriousness.

WITNESS STATEMENT TO BE PRODUCED

TAKE NOTICE that the Chair of the Independent Public Inquiry into Urology Services in the Southern Health and Social Care Trust requires you, pursuant to her powers under section 21(2)(a) of the Inquiries Act 2005 ('the Act'), to produce to the Inquiry a Witness Statement as set out in the Schedule to this Notice by **noon on 21st October 2022.**

APPLICATION TO VARY OR REVOKE THE NOTICE

AND FURTHER TAKE NOTICE that you are entitled to make a claim to the Chair of the Inquiry, under section 21(4) of the Act, on the grounds that you are unable to comply with the Notice, or that it is not reasonable in all the circumstances to require you to comply with the Notice.

If you wish to make such a claim you should do so in writing to the Chair of the Inquiry at: **Urology Services Inquiry, 1 Bradford Court, Belfast, BT8 6RB** setting out in detail the basis of, and reasons for, your claim by **noon on 14th October 2022**.

Issued by Urology Services Inquiry on 23 September 2022. Annotated by the Urology Services Inquiry.

Upon receipt of such a claim the Chair will then determine whether the Notice should be revoked or varied, including having regard to her obligations under section 21(5) of the Act, and you will be notified of her determination.

Dated this day 23rd September 2022

Signed: Personal Information redacted by USI

Christine Smith QC
Chair of Urology Services Inquiry

Urology Services Inquiry

SCHEDULE
[No 77 of 2022]

SECTION 1 – GENERAL NARRATIVE

General

1. Having regard to the Terms of Reference of the Inquiry, please provide a narrative account of your involvement in or knowledge of all matters falling within the scope of those Terms. This should include an explanation of your role, responsibilities and duties, and should provide a detailed description of any issues raised with or by you, meetings you attended, and actions or decisions taken by you and others to address any concerns. It would greatly assist the inquiry if you would provide this narrative in numbered paragraphs and in chronological order.

2. Please also provide any and all documents within your custody or under your control relating to the terms of reference of the *Urology Services Inquiry* ("USI"). Provide or refer to any documentation you consider relevant to any of your answers, whether in answer to Question 1 or to the questions set out below. Place any documents referred to in the body of your response as separate appendices set out in the order referred to in your answers. If you are in any doubt about document provision, please do not hesitate to contact the Trust's Solicitor, or in the alternative, the Inquiry Solicitor.

3. Unless you have specifically addressed the issues in your reply to Question 1 above, please answer the remaining questions in this Notice. If you rely on your answer to Question 1 in answering any of these questions, please specify precisely which paragraphs of your narrative you rely on. Alternatively, you may incorporate the answers to the remaining questions into your narrative and simply refer us to the relevant paragraphs. The key is to address all questions posed and, as far as possible, to address your answers in a chronological format.

If there are questions that you do not know the answer to, or if you believe that someone else is better placed to answer a question, please explain and provide the name and role of that other person.

Your role

4. Please set out all roles held by you within the Southern Trust, including dates and a brief outline of duties and responsibilities in each post.

5. Please provide a description of your line management in each role, naming those roles/individuals to whom you directly report/ed and those departments, services, systems, roles and individuals whom you manage/d or had responsibility for.

6. If your current role involves managing staff, please set out how you carry out this role, e.g. meetings, oral/written reports, assessments, appraisals, etc.

7. What systems were and are in place during your tenure to assure you that appropriate standards were being met by you and maintained by you in fulfilling your role?

8. Was your role subject to a performance review or appraisal? If so, please explain how and by whom this was carried out and provide any relevant documentation including details of your agreed objectives for this role, and any guidance or framework documents relevant to the conduct of performance review or appraisal.

9. Where not covered by question 8 above, please set out any relevant policy and guidelines, both internal and external as applicable, governing your role. How, if at all, are you made aware of any updates on policy and guidance relevant to you?

Urology Services Inquiry

10. What performance indicators, if any, are used to measure performance for your role?

11. How do you assure yourself that you adhere to the appropriate standards for your role? What systems were in place to assure you that appropriate standards were being met and maintained?

12. Have you experience of these systems being by-passed, whether by yourself or others? If yes, please explain in full, most particularly with reference to urology services.

13. What systems of governance do you use in fulfilling your role?

14. Have you been offered any support for quality improvement initiatives during your tenure? If yes, please explain and provide any supporting documentation.

15. During your tenure, who did you understand was responsible for overseeing the quality of services in urology?

16. In your experience, who oversaw the clinical governance arrangements of urology and, how was this done?

17. Did you feel able to provide the requisite service and support to urology services which your role required? If not, why not? Did you ever bring this to the attention of management and, if so, what, if anything, was done? What, if any, impact do you consider your inability to properly fulfill your role within urology had on patient care, governance or risk?

18. Did you feel supported by staff within urology in carrying out your role? Please explain your answer in full.

Urology Services Inquiry

Urology services

19. Please explain those aspects of your role and responsibilities which are relevant to the operation, governance or clinical aspects of urology services.

20. With whom do you liaise directly about all aspects of your job relevant to urology? Do you have formal meetings? If so, please describe their frequency, attendance, how any agenda is decided and how the meetings are recorded. Please provide the minutes as appropriate. If meetings are informal, please provide examples.

21. In what way is your role relevant to the operational, clinical and/or governance aspects of urology services? How are these roles and responsibilities carried out on a day to day basis (or otherwise)?

22. What is your overall view of the efficiency and effectiveness of governance processes and procedures within urology as relevant to your role?

23. Through your role, did you inform or engage with performance metrics or have any other patient or system data input within urology? How did those systems help identify concerns, if at all?

24. Do you have any specific responsibility or input into any of the following areas within urology? If yes, please explain your role within that topic in full, including naming all others with whom you engaged:

    (i) Waiting times
    (ii) Triage/GP referral letters
    (iii) Letter and note dictation
    (iv) Patient care scheduling/Booking
    (v) Prescription of drugs

(vi) Administration of drugs
(vii) Private patient booking
(viii) Multi-disciplinary meetings (MDMs)/Attendance at MDMs
(ix) Following up on results/sign off of results
(x) Onward referral of patients for further care and treatment
(xi) Storage and management of health records
(xii) Operation of the Patient Administrative System (PAS)
(xiii) Staffing
(xiv) Clinical Nurse Specialists
(xv) Cancer Nurse Specialists
(xvi) Palliative Care Nurses
(xvii) Patient complaints/queries

Concerns

25. Please set out the procedure which you were expected to follow should you have a concern about an issue relevant to patient care and safety and governance.

26. Did you have any concerns arising from any of the issues set out at para 24, (i) – (xvii) above, *or any other matter* regarding urology services? If yes, please set out in full the nature of the concern, who, if anyone, you spoke to about it and what, if anything, happened next. You should include details of all meetings, contacts and outcomes. Was the concern resolved to your satisfaction? Please explain in full.

27. Did you have concerns regarding the practice of any practitioner in urology? If so, did you speak to anyone and what was the outcome? Please explain your answer in full, providing documentation as relevant. If you were aware of concerns but did not report them, please explain why not.

Urology Services Inquiry

28. If you did have concerns regarding the practice of any practitioner in urology, what, in your view was the impact of the issue giving rise to concern on the provision, management and governance of urology services?

29. What steps were taken by you or others (if any) to risk assess the potential impact of the concerns once known?

30. Did you consider that the concern(s) raised presented a risk to patient safety and clinical care? If yes, please explain by reference to particular incidents/examples. Was the risk mitigated in any way?

31. Was it your experience that once concerns were raised, systems of oversight and monitoring were put in place? If yes, please explain in full.

32. In your experience, if concerns are raised by you or others, how, if at all, are the outcomes of any investigation relayed to staff to inform practice?

33. Did you have any concerns that governance, clinical care or issues around risk were not being identified, addressed and escalated as necessary within urology?

34. How, if at all, were any concerns raised or identified by you or others reflected in Trust governance documents, such Governance meeting minutes or notes, or in the Risk Register, whether at Departmental level or otherwise? Please provide any documents referred to.

35. What could improve the ways in which concerns are dealt with to enhance patient safety and experience and increase your effectiveness in carrying out your role?

Staff

36. As relevant, what was your view of the working relationships between urology staff and other Trust staff? Do you consider you had a good working relationship with those with whom you interacted within urology? If you had any concerns regarding staff relationships, did you speak to anyone and, if so, what was done?

37. In your experience, did medical (clinical) managers and non-medical (operational) managers in urology work well together? Whether your answer is yes or no, please explain with examples.

Learning

38. Are you now aware of governance concerns arising out of the provision of urology services which you were not previously aware of? Identify any governance concerns which fall into this category and state whether you could and should have been made aware of the issues at the time they arose and why.

39. Having had the opportunity to reflect on these governance concerns arising out of the provision of urology services, do you have an explanation as to what went wrong within urology services and why?

40. What do you consider the learning to have been from a governance perspective regarding the issues of concern within urology services and, to the extent that you are aware, the concerns involving Mr. O'Brien in particular?

41. Do you think there was a failure to engage fully with the problems within urology services? If so, please identify who you consider may have failed to engage, what they failed to do, and what they may have done differently. Your answer may, for example, refer to an individual, a group or a particular level of staffing, or a particular discipline.

If your answer is no, please explain in your view how the problems which arose were properly addressed and by whom.

42. Do you consider that, overall, mistakes were made by you or others in handling the concerns identified? If yes, please explain what could have been done differently within the existing governance arrangements during your tenure? Do you consider that those arrangements were properly utilised to maximum effect? If yes, please explain how and by whom. If not, what could have been done differently/better within the arrangements which existed during your tenure?

43. Do you think, overall, the governance arrangements were and are fit for purpose? Did you have concerns specifically about the governance arrangements and did you raise those concerns with anyone? If yes, what were those concerns and with whom did you raise them and what, if anything, was done?

44. If not specifically asked in this Notice, please provide any other information or views on the issues raised in this Notice. Alternatively, please take this opportunity to state anything you consider relevant to the Inquiry's Terms of Reference and which you consider may assist the Inquiry.

NOTE:

By virtue of section 43(1) of the Inquiries Act 2005, "document" in this context has a very wide interpretation and includes information recorded in any form. This will include, for instance, correspondence, handwritten or typed notes, diary entries and minutes and memoranda. It will also include electronic documents such as emails, text communications and recordings. In turn, this will also include relevant email and text communications sent to or from personal email accounts or telephone numbers, as well as those sent from official or business accounts or numbers. By virtue of section 21(6) of the Inquiries Act 2005, a thing is under a person's control if it is in his possession or if he has a right to possession of it.

USI Ref: Notice 77 of 2022

Date of Notice: 23 September 2022

Witness Statement of: Noleen Elliott

I, Noleen Elliot, will say as follows: -

SECTION 1 – GENERAL NARRATIVE

General

1. **Having regard to the Terms of Reference of the Inquiry, please provide a narrative account of your involvement in or knowledge of all matters falling within the scope of those Terms. This should include an explanation of your role, responsibilities and duties, and should provide a detailed description of any issues raised with or by you, meetings you attended, and actions or decisions taken by you and others to address any concerns. It would greatly assist the inquiry if you would provide this narrative in numbered paragraphs and in chronological order.**

1.1 I have worked in the NHS since 1987 in various administrative roles. Most of my time was spent in various roles within Governance, having previously worked in Clinical Audit Department prior to the amalgamation of the Armagh and Dungannon HSS Trust with Craigavon and Banbridge HSS Trust to the new Southern HSC Trust. I was transferred to Clinical Audit Department, Craigavon Area Hospital in 2007 and immediately seconded to coordinate the newly established Central Reporting Department. My main duties included establishing processes for the management of adverse

Received from SHSCT on 31/10/2022. Annotated by the Urology Services Inquiry.

incidents and complaints for the Trust using the Datix, Risk Management System. I was responsible for taking complaints via the telephone and escalating to the relevant Clinical & Social Care Governance Coordinator. Following the restructure of Governance in 2009, I was then appointed as Risk Management Officer in January 2009 where I was responsible for quality assuring adverse incident data inputted onto Datix and producing monthly reports to Director and Assistant Directors and Heads of Service and ad hoc reports for Freedom of Information requests and Parliamentary questions, etc. I was also responsible for updating data for the Corporate, Directorate, Divisional and Head of Services Risk Registers and producing monthly reports regarding same. I facilitated investigating teams for SAIs which included arranging meetings, preparing papers and assisting with RCA report. Following a further restructure of Governance in 2011 I was appointed to the post of Patient Safety & Quality Officer where I was responsible for the management of the Standard & Guideline Database for the Trust from which I produce data for the Annual/6 monthly accountability reports to the Trust Board. I was responsible for facilitating meetings with Heads of Services to determine compliance with Standards and Guidelines and develop action plans if required. I arranged workshops and maintained attendance records for the Management of Medical Devices Committee which was attended by Directors, Assistant Directors, Head of Services and Equipment Controllers.

1.2 I believe that my involvement in, or knowledge of, matters falling within the scope of the Inquiry's Terms of Reference is set out in my various responses to the Questions below (from Question 4 onwards). However, particular points that I believe ought to be made at the outset are set out in the following paragraphs.

1.3 While working in Governance Department I was aware that the Trust strives to provide the "gold standard" of care for its patients. However, when I moved to the clinical side of the Trust in 2012 as Consultant Secretary in Urology I appreciated that this was not always the case. The

reality is that there was not the capacity to enable staff to provide the "gold standard" service that is expected. Staff are under extreme pressure to carry out their duties to this high level (outlined in more detail below, e.g., in paragraphs 17.1 and 26.2) and lack of understanding from Management (also outlined in more detail below, e.g., at paragraphs 18.1 and 18.4).

1.4 Administration Staff should be adequately trained to do their job but in my view, this is not always the case (outlined in more detail below, e.g., at paragraphs 26.2, 26.3 and 41.1).

1.5 In respect of Governance, I was aware that admin staff within the urology service were not actively completing IR1 (Incident Reporting) for any concerns. It was the general expectation that you would escalate any concerns through your Service Administrator (outlined in more detail at paragraph 39.1 below). I am not aware if IR1 forms were completed by the Service Administrator.

1.6 In respect of the "Maintaining High Professional Standards" process concerning Mr O'Brien, I was required to give evidence as part of this investigation (outlined in more detail at paragraph 26.8 below). I feel that this investigation was not handled very well. Mr O'Brien was addressing the issue of undictated letters [redacted] in late 2016 and, if allowed to continue, would have addressed the issue within weeks. However, this was not addressed until May/June 2017 and I am not sure by whom. As the outcomes of these clinics were my responsibility, I found it strange that I was not involved in completing this work and indeed not advised when it was completed (see further paragraph 42.1 below).

1.7 Vacancy of Consultant cover – When there was a vacancy in Consultant cover the Secretary should be given clear guidance as to who she should seek advice from regarding urgent results. Such clear guidance was, in my experience, missing (this is outlined in more detail below, e.g., at paragraphs 26.4, 30.1 and 33.1).

Urology Services Inquiry

2. **Please also provide any and all documents within your custody or under your control relating to the terms of reference of the *Urology Services Inquiry* ("USI"). Provide or refer to any documentation you consider relevant to any of your answers, whether in answer to Question 1 or to the questions set out below. Place any documents referred to in the body of your response as separate appendices set out in the order referred to in your answers. If you are in any doubt about document provision, please do not hesitate to contact the Trust's Solicitor, or in the alternative, the Inquiry Solicitor.**

   2.1 All documents which have been referenced in this statement can be located in folder S21 77 of 2022 – Attachments.

3. **Unless you have specifically addressed the issues in your reply to Question 1 above, please answer the remaining questions in this Notice. If you rely on your answer to Question 1 in answering any of these questions, please specify precisely which paragraphs of your narrative you rely on. Alternatively, you may incorporate the answers to the remaining questions into your narrative and simply refer us to the relevant paragraphs. The key is to address all questions posed and, as far as possible, to address your answers in a chronological format.**

   If there are questions that you do not know the answer to, or if you believe that someone else is better placed to answer a question, please explain and provide the name and role of that other person.

Urology Services Inquiry

Your role

4. **Please set out all roles held by you within the Southern Trust, including dates and a brief outline of duties and responsibilities in each post.**

4.1

DATE	ROLE	DUTIES (from the relevant job description)
2007 - 2009	Clinical Audit Facilitator	To support the Trust and its clinicians in the facilitation of a wide range of clinical audit activity and you will be a key member of the Trust's Quality Governance Department. The post holder will support a wide range of work from mandatory national audits to locally identified audits.
2009 - 2011	Risk Management Officer	To support the Safety and Risk Manager in the development, implementation and management of the functions of Directorate risk management and adverse incidents systems. He/she will participate within and support a forward thinking and enthusiastic multidisciplinary team strongly committed to promoting a culture of pro-active risk management and patient/client safety. Provide administration management of all processes within the above components of Clinical & Social Care Governance and liaise with Directors, Assistant Directors, Associate Medical Directors and their representatives and internal/external stakeholders as required. Be responsible for the analysis of information related to the above functions and the production of

		reports which may be required by staff at all levels within the Directorate. He/she will update information in respect of incidents and risk registers on the Datix Risk Management system. Monitor the Trust's performance against relevant governance standards and notify the Safety and Risk Manager in the event of any deviations/breaches of same. Support the Safety and Risk Manager by organizing, undertaking and monitoring Directorate training in relation to risk management, and adverse incidents. Ensure effective administration of office systems to include tracer systems, bring forward system, stock system, and reporting systems.
June 2011 - Aug 2012	Patient Safety and Quality Officer	Assist with the development and be responsible for maintaining processes to monitor and report on implementation compliance of a wide range of standards, guidelines, review recommendations and patient safety initiatives across the Acute Services Directorate in the first instance and in some instances across several directorates. Assist with facilitating service teams in the design of service changes to encompass standards and guidelines, and lead on monitoring these changes and reporting on levels of compliance with clinical and non-clinical standards.

		Through monitoring and reporting systems for standards and guidelines ensure that where standards are to be implemented across teams, specialties and Directorates, that there is uniformity. Lead on the coordination of any training required to support changes in practice and audit training outputs. Maintain the Quality Management System for equipment and medical devices within the Directorate and assist with the roll out this system across other Directorates as required. Undertake audits required to provide assurance on compliance with the Medical Devices and Equipment Controls Assurance Standard on behalf of the Directorate. Maintain the Directorate information management system in relation to standards and guidelines and produce a suite of reports from this system providing assurance on compliance. Provide regular information and updates to the PSQ manager detailing compliance with standards, guidelines, recommendations and equipment and medical devices safety and highlight trends and exceptions. Liaise and work collaboratively with the corporate CSCG office (particularly the CSCG Manager) in

		relation to standards, guidelines, review recommendations etc.
Aug 2012 – Aug 2020	Consultant Secretary in Urology	Prioritise and manage workload on a daily basis, escalating areas of concern to the Line Manager as appropriate. Exercise judgement and use own initiative to provide non-clinical advice, information and guidance directly to patients, relatives and carers, requiring an intermediate level of medical terminology and procedures. Management of waiting lists which includes providing timely reports for consultants, e.g., ensuring all patients receive treatment within Integrated Elective Access Policy targets (IEAP) and other Regional and internal milestones. *NB The Consultant would have given me the names of patients for elective admission for surgery, day case surgery and flexible cystoscopy lists for me to contact and pre-admit accordingly. The Secretary would not have selected patients for elective list.* Responsible for compiling admission and theatre lists following guidance given by the consultant(s), which includes allocating/replacing patients for theatre slots and ensuring theatre sessions are used to full capacity. Ensure patients are given correct guidance in relation to medication prior to surgery, e.g., Warfarin, Aspirin,

		contraceptive pill as per clinical standards agreed by the Trust and advice from Consultant(s) Word processing letters from Digital Dictation in a timely manner. Record and update information on the Patient Administration System (PAS) or other computerised information systems. Escalating any concerns with backlogs/missing dictations to Line Manager. *NB – Missing dictation was not included in the initial backlog reports and only included since 2016. The backlog reports were originally designed to record the secretary's backlog in work to enable the Service Administrator to distribute workloads evenly. Headings included; Discharges Awaiting Dictation From Discharge Date; Clinics (no. of charts) Awaiting Typing; Results Awaiting Dictation; Daro: Validated and; Filing –Give details of amount and type of filing, eg lab reports/consultant letters etc.* Take initial receipt of all incoming correspondence – telephone, written and enquiries. Using initiative, prioritise urgency of response required and bring to the attention of consultant where necessary. Prioritise and manage effectively results from x-ray and laboratory systems, ensuring all examinations and investigations have been received and brought to the attention of medical staff without delay. *NB As secretary, I was unable to ensure all examinations and investigations were received as there was no capacity to do so with all the other*

		administrative duties. However, I ensured that all results received were brought to the attention of the Consultant. Validation of data quality reports & other reports associated with the Service, e.g., DARO reports. Provide figures to Management on a regular basis to help with the management & distribution of workload, e.g., Backlog Reports. *NB: Backlog reports commenced in May 2014 and were requested by the Service Administrator infrequently. Then, following the Investigation under the Maintaining High Professional Standards framework regarding Mr O'Brien in 2017, the backlog reports were requested on a monthly basis.* Supervise and support new secretaries and audio-typists and actively participate in the induction and training of new staff within the directorate. Application of diagnostic coding for out-patient episodes and procedure codes for waiting lists. Operate all IT tools available to provide the most efficient use of time and most effective use of service, e.g., Microsoft Outlook, Patient Centre, PAS, Radiology, Laboratory Systems, Theatre Management System, ensuring the data contained on the system is accurate and up-to-date. Monitor the typing workload within the office and allocate to audio-typists where appropriate and

		monitor quality of performance, escalating areas of concern to the Directorate/Service Administrator. Manage the consultant's diary/schedule informing appropriate staff of changes to work schedule which affects theatre and out-patient scheduling. Co-ordinate the consultant(s) personal diary for internal and external meetings. Any other duties as may be assigned from time to time by Line Manager.
September 2020 - present	Consultant Secretary in Breast Surgery	Same as above for Consultant Secretary in Urology

5. **Please provide a description of your line management in each role, naming those roles/individuals to whom you directly report/ed and those departments, services, systems, roles and individuals whom you manage/d or had responsibility for.**

5.1 My line management was as follows:

DATE	ROLE	LINE MANAGER
2007 - 2008	Clinical Audit Facilitator	Ann Quinn
2009 - 2011	Risk Management Officer	Beatrice Moonan
June 2011 - Aug 2012	Patient Safety and Quality Officer	Caroline Beattie
Aug 2012 – Aug 2020	Consultant Secretary in Urology	Jane Scott 2012 – approximately 2013 Michelle McClenaghan for approximately 2 months Maria Conway 2013 – Jan 14

		Marie Evans Jan 14 – Oct 15 Andrea Cunningham Nov 15-Jan 17 Marie Evans Jan 17 – Dec 17 Collette McCall Nov 17 – Jan 19 Collette McCall and Marie Evans (job share) Jan 19 – March 19) Vacant (overseen by Lucia Cunningham) March 19 – May 19 Nicola Terris and Marie Evans (job share) May 19 – Sept 19 Marie Evans (part time) Sept 19 – Nov 19 Orla Poland and Marie Evans Nov 19 – Nov 2020
2020 - present	Consultant Secretary in Breast Surgery	Orla Poland Nov 2020 - present

5.2 I did not manage any staff in my roles. However, there were audio typists in Urology who assisted with the typing of clinics etc. and the Secretary was responsible for checking their work for accuracy.

6. **If your current role involves managing staff, please set out how you carry out this role, e.g. meetings, oral/written reports, assessments, appraisals, etc.**

6.1 I do not manage staff in my current role.

7. **What systems were and are in place during your tenure to assure you that appropriate standards were being met by you and maintained by you in fulfilling your role?**

7.1 Standard Operating Procedures (SOPs) for different duties while working in Urology are listed below:

a. SOP – Outpatient referrals upgraded to Red Flag
b. SOP – Checklist for processing typing of clinics, discharges and result letters
c. SOP – Clinic disposals
d. SOP – Coding of Out-Patient Procedures
e. SOP – Consultant to Consultant Referrals
f. SOP - Discharge awaiting results – Outpatients (DARO)
g. SOP – Recording Review Appointments on PAS
h. SOP – Management of Results
i. SOP – Recording of "Suspect Cancer" patients to Inpatient or Daycase Waiting List
j. SOP – Under 18 Follow Up Process
k. SOP – Checklist for Ward Clerks: Final checks required on E-discharges when a patient is discharged from a ward. (Medical and Surgical Wards only)

7.2 Any relevant Trust Policies and Procedures would have been circulated by Service Administrator SEC by e-mail.

7.3 The Service Administrator carried out spot checks on accuracy of transcription of letters and clinic outcomes, however, I am not aware how often this was done. The Data Quality Department in IT would have generated Data Quality Reports and sent these via the Service Administrator to the Secretary for validation. These Data Quality checks were sent regularly.

8. **Was your role subject to a performance review or appraisal? If so, please explain how and by whom this was carried out and provide any relevant documentation including details of your agreed objectives for**

this role, and any guidance or framework documents relevant to the conduct of performance review or appraisal.

8.1 Knowledge and Skills Framework (KSF) reviews – KSF is a document to be completed annually, however, my last face to face one was on 6 November 2018 and, after that, a virtual one on 1 August 2020 *(see attached 1. Knowledge and Skills Framework (KSF) documents).* The KSF review includes: staff member's performance for the past year, objectives for the next year, and the record of mandatory training relevant for the staff member's role.

9. **Where not covered by question 8 above, please set out any relevant policy and guidelines, both internal and external as applicable, governing your role. How, if at all, are you made aware of any updates on policy and guidance relevant to you?**

9.1 Date Quality Notices applicable to my role were as follows:

a) Outpatient Appointment Cancelled by patient/hospital (attached)
b) PAS Guidance for Recording Pre-Admission Cancellations release 2017/05 (attached)
c) PAS Guidance for Recording the correct referral source and Appointment Type release 2017/04 (attached)
d) PAS Guidance for Recording of Speciality Doctor, Associated
e) Specialist and Staff Grade (SAS) Outpatient Activity release 2017/12 (attached)
f) PAS Guidance for Recording Private Patients release 2021/07 (attached)
g) PAS Technical Guidance for Elective Inpatient/Day case and OP Transfers version 1.0 July 2021 (attached)

9.2 Relevant policy and guidelines would have been forwarded by e-mail from Line Manager and they are also found on the Trust Shared "L" drive.

10. **What performance indicators, if any, are used to measure performance for your role?**

10.1 The Service Administrator would have carried out spot checks on transcription of letters and clinic outcomes for accuracy. I am not aware of how often these checks were undertaken.

11. **How do you assure yourself that you adhere to the appropriate standards for your role? What systems were in place to assure you that appropriate standards were being met and maintained?**

11.1 Data quality checks were issued and passed through The Service Administrator to me to quality assure and action where necessary. These included:

a. 03D – Outpatient with no attendances outcome - Disposal Recorded
b. 03C - Outpatient Appointments with no attendance code recorded

11.2 I would have validated the Data Quality Checks upon receipt of same. For example, the 03D (outpatient with no attendance outcome – disposal recorded) report would have identified the department, clinic code, date of clinic, and number of patients that were outstanding. Please see:

2. 03C - OUTPATIENT APPOINTMENTS WITH NO ATTENDANCE CODE RECORDED.xlsx

3. FW DATA QUALITY REPORTS 3C 3D IDENTIFYING MISSING OUTPATIENT ATTENDANCES AND DISPOSALS

4.Copy of 03D_-_OUTPATIENT_WITH_NO_ATTENDANCE_OUTCOME_-_DISPOSAL_RECORDED_(i.e._Added_to_Waiting_List)

5. Copy of 03B - OUTPATIENT APPOINTMENTS CANCELLED BY HOSPITAL WITH PATIENT TYPE CNC REASONS

6. Email 23.7.18 re - 03D - OUTPATIENT WITH NO ATTENDANCE OUTCOME - DISPOSAL RECORDED (i.e. Added to Waiting List)

7. Copy of 03C - OUTPATIENT APPOINTMENTS WITH NO ATTENDANCECODE RECORDED 20.4.17

8. 23.7.18 Copy of 03D - OUTPATIENT WITH NO ATTENDANCE OUTCOME - DISPOSAL RECORDED (i.e. Added to Waiting List)

9. Copy of Copy of 03A - OUTPATIENT APPOINTMENT CANCELLED BY PATIENT WITH HOSPITAL TYPE CNC REASONS

11.3 I cannot remember how often these reports were sent prior to the 2017 Investigation under the Maintaining High Professional Standards Framework regarding Mr O'Brien. I could only find the report as of the 14/4/16 in my records prior to 2017. Since the investigation, the reports are sent out monthly for validation.

12. **Have you experience of these systems being by-passed, whether by yourself or others? If yes, please explain in full, most particularly with reference to urology services.**

12.1 The SOP for Discharge Awaiting Results – Outpatient (DARO) indicates "If a patient is awaiting results prior to a decision regarding follow up treatment being made, they must be recorded as a discharge (DIS) and not added to the OP Waiting List for review".

12.2 I am aware that the SOP for DARO was not fully implemented while working for Mr O'Brien. This was at the request of Mr O'Brien. Mr O'Brien would have stated on his letters that he was booking an investigation (e.g., scan, blood results, etc., and review in a specific time – i.e., 3 months, 6

months, etc). In such cases, Mr O'Brien did not want me to DARO these patients and requested that they be put on the outpatient waiting list to be seen in the specified time. He was adamant that the patient was not to be discharged and should be on a waiting list for review as requested.

12.3 The DARO reports would have been sent out by the Service Administrator to the Secretaries on an ad hoc basis for the secretary to validate and return. I would have had approximately 60 patients on the DARO report (mainly from the Specialist Registrar/Staff Grade Doctors and some from Mr O'Brien). Other secretaries would have had considerably more patients on their DARO report. Therefore, I believe that management would have been aware that the SOP for DARO was not fully implemented by Mr O'Brien due to the vastly reduced numbers on Mr O'Brien's DARO report. Please see:

10. Daro 1409-311215

11. daro 01.04.10-11.05.16

12. DARO REPORT 11.5.16 OUTPATIENTS_DISCHARGED_WITH_REASON_CODE_DARO_(BASED_ON_DATE_OF_DISCHARGE) urology 11.05.16

13.Copy of 01_ _OUTPATIENTS_DISCHARGED_WITH_REASON_CODE_DARO_(BASED_ON_DATE_OF_DISCHARGE) Urology 04.01.16

13**. What systems of governance do you use in fulfilling your role?**

13.1 I adhered to the Trust Policies and Procedures in fulfilling my role. These are the General Policies and Procedures for all staff working in the Southern Trust which are found on the Trust Website.

14. **Have you been offered any support for quality improvement initiatives during your tenure? If yes, please explain and provide any supporting documentation.**

14.1 I have never been offered any support for quality improvement initiatives during my tenure.

15. **During your tenure, who did you understand was responsible for overseeing the quality of services in urology?**

15.1 Martina Corrigan, as Head of Urology Service, was responsible for overseeing the quality of services in urology. I was not aware of any other person in Urology responsible for quality of services in Urology.

16. **In your experience, who oversaw the clinical governance arrangements of urology and, how was this done?**

16.1 Martina Corrigan, Head of Urology Service oversaw the clinical governance arrangement of urology as she would have been the person who attended the Governance Meetings as Head of Service.

17. **Did you feel able to provide the requisite service and support to urology services which your role required? If not, why not? Did you ever bring this to the attention of management and, if so, what, if anything, was done? What, if any, impact do you consider your inability to properly fulfill your role within urology had on patient care, governance or risk?**

17.1 I provided the requisite support to the urology service. However, due to heavy workload I would have had to work extra hours (mostly unpaid) to achieve this.

17.2 Since joining the Urology Team, I have had to work extra (mostly unpaid) hours almost on a daily basis just to keep up with the workload. This would have varied from 2-4 hours per week depending on the workload. Limited cover was provided when taking Annual Leave and, on return to work, I would have to work extra hours to catch up. Management made it

clear that overtime would only be paid for extra contractual work i.e., extra consultant clinics or theatre lists. Please see:

14. REMINDER - OT TOIL SICKNESS ANNUAL LEAVE

17.3 I also had to deal with approximately 20 calls per day from patients, relatives and GPs and I believe this was a consequence of the extremely long waiting times for appointments and surgery in Urology. I was conscientious about my work and always kept it up-to-date and therefore management didn't feel there was a problem as there was very little backlog of typing.

18. **Did you feel supported by staff within urology in carrying out your role?**

Please explain your answer in full.

18.1 Having had several different Line Managers while working in Urology I would say there were inconsistencies regarding support for staff. Some Line Managers were more supportive than others.

18.2 When I commenced working in the Urology Team I was under Jane Scott. I had problems within the office regarding other staff attitudes to me and lack of help with training and I brought these concerns to Jane via face to face meetings. Meetings were set up and subsequently cancelled. I requested a move of office and was told to "stick it out and not let them beat us". I feel I was let down by Management regarding this concern.

18.3 Regarding extra hours worked, Michelle McClenaghan took over as Service Administrator for a short period of time. I had a meeting with Michelle who appreciated the long hours I was working to keep the work up-to-date and she agreed to pay me for these extra hours. This was a

one-off payment. I very much appreciated that Michelle valued the work I was putting in to the job.

18.4 In general, I feel the Service Administrators do not fully understand the pressures the secretaries are under in fulfilling their roles. It has always been the case that, if work is kept up-to-date by whatever means, then it would be assumed that the secretary does not require any help.

Urology services

19. **Please explain those aspects of your role and responsibilities which are relevant to the operation, governance or clinical aspects of urology services.**

19.1 As Consultant Secretary I was responsible for facilitating the Consultant in his work by the following:

a) Opening post including referral letters from other consultants, results, etc, date stamping them, and leaving them for consultant;
b) Typing dictation for clinics, discharges, triage letters and results and prioritising urgent dictation when necessary;
c) Completing outcomes of clinics on the PAS system and ensuring accuracy of same;
d) Adding patients to the Waiting List for surgery;
e) Booking patients for Theatre and Day Surgery and Flexible Cystoscopy lists, completing TMS and circulating to all relevant staff;
f) Arranging patients' Protected Review appointments as required;
g) Booking patients for Urodynamic Studies;
h) Booking Interpreters for patients when required;

i) Dealing with patient/relatives/GP queries and complaints via phone and escalating to consultant if necessary;

j) Attending monthly Urology Scheduling Meetings and circulating agreed work plan for Consultant to Central Booking Office and other relevant staff.

20. **With whom do you liaise directly about all aspects of your job relevant to urology? Do you have formal meetings? If so, please describe their frequency, attendance, how any agenda is decided and how the meetings are recorded. Please provide the minutes as appropriate. If meetings are informal, please provide examples.**

20.1 I would have liaised with the following:

a. Service Administrator – I liaised with my Service Administrator regarding HR issues and access to systems queries. Informal Staff meetings were held on 3/5/17, 30/5/19 and 28/11/19.

15. Notes of Staff Meeting - 03.05.17
16. Notes of Staff Meeting - 28.11.19
17. Notes of Staff Meeting - 30.05.19

b. Mr O'Brien – I would have regular contact with Mr O'Brien on a daily basis by phone and e-mail. I would have had face-to-face contact with him at least twice weekly.

c. Urology Team – Monthly scheduling meetings with all the urology team including Martina Corrigan to schedule the next month's activity.

d. Clinical Nurse Specialist – We liaised on a daily basis, booking biopsy appointments and treatments for patients in the Thorndale Unit.

e. Specialist Registrars – We liaised on a regular basis on the day to day patient activity within the hospital.

f. Other Consultants – I would liaise with other consultants, especially when Mr O'Brien was not available due to annual leave, etc.

g. Cancer Tracker – I would have liaised with the cancer tracker on a weekly basis regarding Red Flag patients.

h. Pre-Assessment Team – I would have liaised with the Pre-assessment team regarding a patient's fitness for surgery, etc.

i. Booking Office Staff – I would have liaised on a daily basis with the Booking Office staff regarding clinic appointments, etc.

21. **In what way is your role relevant to the operational, clinical and/or governance aspects of urology services? How are these roles and responsibilities carried out on a day to day basis (or otherwise)?**

21.1 I believe my role was as a facilitator for the operational, clinical aspect of urology service. I provided support for the Consultant to ensure the smooth running of his work and ensuring work was kept up-to-date where possible. I refer in this regard to the more detailed description of my work set out at Question 24 below.

21.2 Regarding governance, I believe everyone is responsible for governance and, when I felt there was an issue that needed addressing, I would raise this with my Service Administrator or Consultant.

21.3 An example of a query raised with a Consultant was when I was concerned regarding the quality/content of the letters generated by Personal Information redacted by USI ,

Locum Consultant. I spoke with Mr Haynes about this issue and he asked me to print off the letters and leave them for him to action. I am not aware of the outcome of this.

21.4 An example of a query raised with Service Administrator was e-mails regarding a patient dated 4 May 2017, 17 May 2017 and 24 May 2017. Please see:

18. FW WRONG PATIENTS CHART USED AT CLINIC
19. INCIDENT
20. RE WRONG PATIENTS CHART USED AT CLINIC

22. **What is your overall view of the efficiency and effectiveness of governance processes and procedures within urology as relevant to your role?**

22.1 I have never completed an IR1 form since joining the Urology Team so I have no knowledge of how efficient or effective the governance processes are. Any issues I had were raised with the Service Administrator and/or Consultant to escalate (see my previous answer in this regard). I was not made aware of the outcome and learning from these so I am unable to comment on the efficiency and effectiveness of governance processes and procedures.

23. **Through your role, did you inform or engage with performance metrics or have any other patient or system data input within urology? How did those systems help identify concerns, if at all?**

23.1 I had no engagement with performance metrics while working in Urology. I did use PAS and Patient Centre for patient data. These systems help identify long waiting lists for surgery and long waiting times for new and review patients.

23.2 I was aware that there were targets set for cancer pathways, however, it was not in my job remit to monitor these. Rather, it was the responsibility of the Cancer Tracker to monitor this.

24. **Do you have any specific responsibility or input into any of the following areas within urology? If yes, please explain your role within that topic in full, including naming all others with whom you engaged:**

(i) **Waiting times**

24(i)-1 I was responsible for putting patients on the waiting list for surgery and pre-admitting patients when requested by the consultant.

(ii) **Triage/GP referral letters**

24(ii)-1 When I joined the Urology Service in 2013 triage letters were forwarded to the Consultant through the Secretary from the booking office, I ensured these were passed to the Consultant for completion. The Booking Office would have sent reminders via e-mail to me to chase up any outstanding triage letters. I would have received an e-mail with a list of patients with missing triage and would have forwarded this e-mail unto Mr O'Brien for action (*see attached example 21. Missing Triage; and 22. MISSING TRIAGE (2)).* I am not sure how often I received these reminders and I did not do anything with them other than pass them to Mr O'Brien for action.

24(ii)-2 In November 2014 there was a change in this process when the Booking Office left the triage letters in the Thorndale Unit for the Consultant of the Week to complete and the Secretary had no involvement in this process. Then again in

2017 E-triaging was introduced in Urology and the secretary would have actioned any actions requested by the consultant via the E-triaging system. The electronic referral letters from GPs were actioned by the Consultant of the Week and the consultant would have dictated a triage letter to the patient / GP and triaged as Red Flag/Urgent/Routine for the Booking Office (to appoint the Urgent/Routine triage letters) and for the Red Flag Office (to appoint the Red Flag triage letters). The Secretary would have had to type the triage letters and close off the action on e-triage when completed.

24(ii)-3 The e-triage created a lot of extra work for the Secretary as up to 60 triage letters to GP/patient were generated when a Consultant was “Consultant of the Week”.

(iii) **Letter and note dictation**

24(iii)-1 As secretary I was responsible for all dictation completed by the Consultant, Registrar and Clinical Nurse Specialist under the Consultant’s remit. Originally, the GP letters were printed off and posted to the GP, however, with the evolvement of NIECR these letters were sent electronically to the GPs. The dictation was originally done on tapes which the consultant would have handed over for typing following a clinic and then, with the evolvement of G2, these letters were all digitally transferred to the secretary for typing.

(iv) **Patient care scheduling/Booking**

24(iv)-1 As Secretary I would have received the scheduled list for Theatre from the Consultant. It was my responsibility to pre-admit the patients and send out generated letter with relevant fasting instructions to patient. I would then have completed the

Arranged Admission List (including specific instruction from Consultant to Ward Staff) and Theatre Management System (TMS) List and circulated the lists to the Pre-assessment Department, Elective Admissions staff and all other relevant staff.

24(iv)-2 I would have been responsible for personally contacting patients by phone to advise and secure the appointment of their admission to the Day Procedure Unit for their flexible cystoscopy, as per Consultant.

24(iv)- 3 I would have arranged admission and sent out letters to patients for other procedures to be performed, i.e., change of nephrostomies and biopsies performed by the Consultant Radiologist.

24(iv)-4 I would have booked the Protective Review slots on the consultant review clinics in CAH, Armagh, and SWAH clinics for urgent reviews as indicated by the consultant.

24(iv)-5 I would have built the weekly Oncology Clinic on PAS for the Consultant and contacted the patients by telephone to secure their attendance.

24(iv)-6 I would have contacted the patients by phone to admit them for Urodynamic Studies on a weekly basis.

24(iv)-7 I would have booked patients to attend for their BCG and MMC injections by the Clinical Nurse Specialist in the Thorndale Unit

(v) **Prescription of drugs**

24(v) -1 I had no involvement in the prescription of drugs.

(vi) **Administration of drugs**

24(vi)-1 I had no involvement in the administration of drugs.

(vii) **Private patient booking**

24 (vii)-1 I had no input into any Consultant's private practice. I would have received phone calls from patients/relatives enquiring into private appointments and these were re-directed to the Consultant's private telephone number.

24(vii)-2 Mr O'Brien was the first consultant I had worked for who also had a private practice. He had a private consultation practice in his home. These patients would have been then transferred to the NHS for their surgery.

24(vii)-3 Mr O'Brien would have given me a list of patients for his Wednesday theatre list. On receipt of this list of patients I would have pre-admitted the patients accordingly. However, the patient(s) Mr O'Brien had seen privately were not on the Trust Patient Administrative System Waiting List (PAS). I was able to check the "Chart Tracker" on PAS to see when the patient's chart was tracked to "Mr O'Brien's PP Filing Cabinet" by Leanne Hanvey (who did all Mr O'Brien's Private Patient typing) and this was the date I used to put the patient, originally seen as a private

patient by Mr O'Brien, on the NHS waiting list. I was then able to pre-admit the patient for surgery.

24(vii)-4 Then there was the instruction of the Transfer Status Form (not sure of the date). Upon receipt of a Transfer Status Form (transferring patients from Private Practice to NHS) these patients would have been put on the waiting list in accordance with the "effective date" logged on the Transfer Status Form.

(viii) **Multi-disciplinary meetings (MDMs)/Attendance at MDMs**

24(viii)-1 Secretaries (including myself) did not attend MDM meetings.

24(viii)-2 The Multidisciplinary Meeting Co-ordinator would have sent, via e-mail, a list of patients for review by the consultant following MDT discussion. I would have forwarded this e-mail to the consultant for instructions as to what clinic the patient was to attend.

(ix) **Following up on results/sign off of results**

24(ix)-1 When results were sent by mail I, as secretary, would have date stamped them and left them for the Consultant in his office. I would have actioned any results returned to me for action as appropriate.

24(ix)-2 I would have received urgent alerts for results requiring urgent attention by e-mail from the Radiology Department. These e-mails would have been forwarded to Mr O'Brien immediately and also printed off and left with the other

results received that day.

(x) **Onward referral of patients for further care and treatment**

24(x)-1 Onward referrals were always dictated by the Consultant and I would have typed these and ensured they were sent to the relevant personnel as a matter of urgency.

(xi) **Storage and management of health records**

24(xi)-1 Patient health records would have been delivered to the secretary following clinics/theatre/day procedure list and discharges from ward. Following completion of typing the clinic letter, the secretary would file the letter and, if the patient was discharged, the health record would have been sent back to Medical Records for filing. If there was a result outstanding the chart would have been held in the secretary's office in "awaiting results". When the result was received and the chart was tracked to my office in "awaiting results" I would have date stamped the result and left it in Mr O'Brien's office. I would then have re-tracked the chart to "Result for Consultant to see" in my office. This was to ensure that I knew Mr O'Brien had the result.

24(xi)-2 When the result was actioned by Mr O'Brien, either by a results letter to patient or GP or indication to book appointment/put on outpatient waiting list or discharge, then I would have completed the action as per Consultant and then I would have sent the chart back to filing.

(xii) **Operation of the Patient Administrative System (PAS)**

24(xii)-1 Secretaries use the PAS system for all patient activity within the Southern Trust. This includes patient clinic activity and admissions and discharges and is linked to Patient Centre for

patient documentation and the Northern Ireland Electronic Record (NIECR) for the patient's Regional Clinical Record.

(xiii) **Staffing**

24(xiii)-1 I had no responsibility for staffing.

(xiv) **Clinical Nurse Specialists**

24(xiv)-1 I had no responsibility for Clinical Nurse Specialists. However, I did have regular communication with the Clinical Nurse Specialists regarding patients requiring biopsies and other specialist treatments under the care of the consultant.

24(xiv)-2 I was not aware of the Clinical Nurse Specialist (CNS) being in attendance with Mr O'Brien at his clinics in the Thorndale Unit. However, when I was in the clinic delivering messages to Mr O'Brien etc., I was aware that the CNS were in attendance in the Thorndale Unit where the clinic was held. I know that Mr O'Brien held an outreach clinic in Armagh Community Hospital and in South West Acute Hospital and I understand that he was not accompanied by a CNS at any of these clinics.

(xv) **Cancer Nurse Specialists**

24(xv)- 1 I had no responsibility for Cancer Nurse Specialists. I did have regular communication with the Cancer Nurse Specialists regarding patients under the care of the consultant. The position is the same as that described at paragraph 24(xiv) above regarding the Cancer Nurse Specialists' attendance at Mr O'Brien's clinics.

(xvi) **Palliative Care Nurses**

24(xvi)-1 I had no responsibility for or input to Palliative Care Nurses.

(xvii) **Patient complaints/queries**

24(xvii)-1 I received informal complaints/queries from patients/relatives and GPs on a daily basis regarding waiting times for both surgery and consultant appointments. This could be up to 20 calls per day.

24(xvii)-2 Patient complaints would have come through the Trust Complaints Team, usually via e-mail which was forwarded directly to the Consultant and cc'd to the secretary. It was not part of my duties to keep track of outcomes of complaints.

24(xvii)-3 Patient queries usually came in the form of a phone call from the patient/relative. I would have immediately e-mailed the consultant the relevant details and actioned any response where applicable. Quite often the consultant would have communicated directly with the patient without my involvement. Mr O'Brien would have been in contact with his patients by telephone on a regular basis. If a patient had a query then Mr O'Brien would have contacted the patient directly. I know this because patients would regularly have told me that Mr O'Brien had contacted them at night or during the weekend to their surprise.

Concerns

25. **Please set out the procedure which you were expected to follow should you have a concern about an issue relevant to patient care and safety and governance.**

25.1 Concerns were to be raised through my Line Manager and Consultant(s).

26. **Did you have any concerns arising from any of the issues set out at para 24, (i) – (xvii) above, *or any other matter* regarding urology services? If yes, please set out in full the nature of the concern, who, if anyone, you spoke to about it and what, if anything, happened next. You should include details of all meetings, contacts and outcomes. Was the concern resolved to your satisfaction? Please explain in full.**

26.1 Since commencing in Urology in August 2013 I have worked for several Consultants as follows:

a) Mr David Connolly, Consultant Urologist, August 2012 to January 2013;
b) Mr Personal information redacted by USI Locum Consultant Urologist, January 2013 – November 2013;
c) Mr Ram Suresh, Consultant Urologist, November 2013 – August 2014;
d) Mr Aidan O'Brien, Consultant Urologist, August 2014 to July 2020;
e) Mr Hickey, Locum Consultant Urologist (during Mr O'Brien's sick leave November 2016 – January 2017
f) Mr Personal information redacted by USI Locum Consultant Urologist (during Mr O'Brien's sick leave), January 2017 – March 2017;
g) Personal information redacted by USI Locum Consultant Urologist, July 2020 – August 2020.

26.2 I found it difficult to settle into my role as Urology Secretary, partly due to difficulties with inadequate training, having to work long hours (some of which were unpaid) to try and get a grasp of the role while the clinical work continued and the secretary's work therefore continued. I was paid for any extra contractual work carried out, i.e., extra PTL clinics and extra Saturday Theatre lists. Michelle McClelland did agree to backdate overtime which I had

worked when under her management back in 2013. The training was mainly provided by an ex-member of staff from the urology team and was provided with an hour here and there through the first few months of my role.

26.3 I met with my Line Manager at that time, Jane Scott, and advised of my concerns regarding training for the role and the difficulties I encountered in keeping up with the workload. My training was inadequate at the start of my appointment as Consultant Secretary. Ms Scott did arrange for training to be provided by an ex-member of the urology team (an audio typist) which was 1 hour per day for about 2 weeks. As Mr Connolly was a new additional consultant employed he was doing a lot of clinics and theatre lists to try to reduce waiting times, therefore I was pressurised to keep up with the workload without support.

26.4 Then there was a change in Consultant when Mr Connolly resigned in early 2013 and there was a delay in replacing him. A Locum, Mr Personal information redacted by USI filled the gap until Mr Suresh was employed in December 2013. This was a very unsettling time for me as secretary as there were gaps in Consultant cover and I was not sure who to escalate results, etc. to. I would have sought advice directly from other Urology Consultants as their secretaries were not willing to accept any results that didn't belong to their consultant. However, I ensured that all urgent results were shown to another Consultant for action.

26.5 During 2016 I was concerned that Mr O'Brien had a backlog in some dictation of clinic letters. However, I was reassured by Mr O'Brien that all the urgent dictations were undertaken and it was the non-urgent dictations that were still awaiting, e.g., patients who were being discharged from the service or added to the routine waiting lists. This was noted on the Monthly Backlog Reports sent to my Line Manager. Mr O'Brien continued to address the backlog during 2016 and continued to do so while recovering from his own surgery in November/December 2016, dictating 10-15 letters per day. I typed these letters as soon as possible

after they were dictated. Please see:

22a. Backlog Report 08.06.15
22b. Backlog Report - no clinic outcomes as per 15.12.16
22c. Backlog Report - 25.05.17
22d. Backlog Report - no clinic outcomes as per 3.2.17
22e. Backlog Report -18.09.18
22f. Backlog Report -10.10.19

26.6 Mr O'Brien shared his concerns with me on a regular basis regarding the safety of patients and the risk of patients coming to harm due to long waiting times. Mr O'Brien was very open with me regarding his concerns regarding workload. He was very passionate about his patients and felt that he had not got the capacity to do his job properly. Waiting times for both outpatients and elective surgery in urology have always been a concern and Mr O'Brien often spoke to me regarding this.

26.7 I was aware in early 2017 that all the patients' charts and outcome sheets for undictated clinics were removed from the Consultant's office to the office of the Head of Service for Urology (Martina Corrigan). By June 2017 I sent an e-mail to Katherine Robinson of my concern that these outcomes remained outstanding. I was told this was being taken care of and I did not receive any update thereafter.

26.8 In May 2017 I received communication from the HR Department to the effect that there was an Investigation for a case under the Maintaining High Professional Standards Framework (MHPS) into concerns in respect of Mr O'Brien, and I was required to give a formal statement to be used as part of the overall information gathered as part of the investigation. Please see:

23. Investigation - Strictly Confidential

26.9 The main concern in urology was the extremely long waiting lists for outpatient, both new and review appointments, and waiting lists for elective surgery. There was not enough capacity to deal with the workload and therefore patients did suffer. Winter bed pressures put an enormous strain on elective waiting lists with patients being cancelled at short notice and indeed only Red Flag patients being allowed to be admitted for up to 5 months over the winter period. Availability of these theatre lists were reduced dramatically due to winter bed shortages. Secretaries were under a lot of pressure with increased telephone calls from patients requesting a date for their surgery. I would have e-mailed Mr O'Brien with details of any calls where I was told that the patient's condition/symptoms had changed.

27. **Did you have concerns regarding the practice of any practitioner in urology? If so, did you speak to anyone and what was the outcome? Please explain your answer in full, providing documentation as relevant. If you were aware of concerns but did not report them, please explain why not.**

27.1 I remember I had concerns regarding Personal information redacted by USI clinical decision and I spoke to Mr Young at the time and he asked me to forward my concern to him and he would look into it. I can't remember the exact detail but I think it was about a patient with a raised PSA being discharged. I have no recollection of the outcome of this concern.

27.2 Similarly, in 2020 when Personal information redacted by USI Locum Consultant, was employed I was concerned with his clinical decisions and highlighted this to Mr Haynes who asked me to provide him with the relevant clinical letters and he would look into it. I do not know the outcome of this concern.

27.3 During 2016 there was an increasing problem with the backlog in Mr O'Brien's dictation. However, Mr O'Brien had dictated on the urgent dictation. These undictated letters were flagged up on the Backlog report. Mr O'Brien went on Personal Information redacted by USI leave in late October 2016 and, during his recovery in November/December 2016, he started to address this backlog. He was at home dictating up to 10-15 letters per day and I appreciated that the backlog was being addressed. However, that all stopped in late December 2016 and it was only later that I appreciated that management had put a halt to this and had asked Mr O'Brien to return all charts to his office and he was subsequently suspended from work. The Investigation under the Maintaining High Professional Standards Framework (MHPS) was initiated. These charts were removed from Mr O'Brien's office along with the clinic outcome sheets and I never saw any of them again. I raised a concern with Katherine Robinson in May/June 2017 that the outcomes of these remaining clinics were not completed which was a further 6 months later. I had no involvement completing these clinic outcomes and I am not sure who did it. Please see:

26. Results for patients whose charts are in your office
27. RE Clinic Outcomes
28. Outstanding outcome sheets
29. Patient Query
30. FW Patient Query
31. RE Disposals for Urology

28. **If you did have concerns regarding the practice of any practitioner in urology, what, in your view was the impact of the issue giving rise to concern on the provision, management and governance of urology services?**

28.1 Regarding clinical concerns I do not think I am best placed to comment on the impact this had on the provision, management and

governance of urology service.

29. **What steps were taken by you or others (if any) to risk assess the potential impact of the concerns once known?**

29.1 I believe this was the role of management to risk assess the potential impact of the concerns once known and not the role of a secretary. Once any concern is escalated through my Line Management, I am not aware of what steps were taken by others to risk assess the potential impact of the concern.

30. **Did you consider that the concern(s) raised presented a risk to patient safety and clinical care? If yes, please explain by reference to particular incidents/examples. Was the risk mitigated in any way?**

30.1 I refer to 26.4 and the risk to patient safety and clinical care when there is a change of consultant, with a consultant leaving the service and a delay in a replacement starting. There should be a robust system in place regarding who is responsible for receipt of any urgent results in the interim period. There is a risk to the patient's result not been actioned until the replacement Consultant commences work. The other Secretaries were not willing to add this additional workload onto their Consultant work, however, I did consult directly with the other consultants when I received an urgent result requiring attention.

31. **Was it your experience that once concerns were raised, systems of oversight and monitoring were put in place? If yes, please explain in full.**

31.1 I do not feel I am in a position to answer this.

Urology Services Inquiry

32. **In your experience, if concerns are raised by you or others, how, if at all, are the outcomes of any investigation relayed to staff to inform practice?**

32.1 I am not aware of any specific outcomes of any investigation being relayed to me to inform practice.

33. **Did you have any concerns that governance, clinical care or issues around risk were not being identified, addressed and escalated as necessary within urology?**

33.1 In reference to 26.4 and the risk to patient safety and clinical care when there is a change of consultant, with a consultant leaving the service and a delay in a replacement starting, there should be a robust system in place regarding who is responsible for receipt of any urgent results in the interim period.

34. **How, if at all, were any concerns raised or identified by you or others reflected in Trust governance documents, such Governance meeting minutes or notes, or in the Risk Register, whether at Departmental level or otherwise? Please provide any documents referred to.**

34.1 In my role as Consultant Secretary in Urology I would not have had access to Trust governance documents such as governance meeting notes or minutes, nor would I have had access to Risk Registers. In the circumstances, I do not believe that I can answer this question.

35. **What could improve the ways in which concerns are dealt with to enhance patient safety and experience and increase your effectiveness in carrying out your role?**

35.1 With regard to increasing my effectiveness in carrying out my role, I feel that Line Managers should engage with staff on a more regular basis so that any issues regarding workload can be highlighted and addressed.

35.2 I do not feel able to advice about what could improve the ways in which concerns are dealt with to enhance patient safety and experience.

Staff

36. **As relevant, what was your view of the working relationships between urology staff and other Trust staff? Do you consider you had a good working relationship with those with whom you interacted within urology? If you had any concerns regarding staff relationships, did you speak to anyone and, if so, what was done?**

36.1 I always had a good working relationship with Medical and Nursing staff working in Urology.

36.2 I feel the working relationship between Secretaries could have been better. Since joining the Urology Team I had difficulty fitting in and getting support from my colleagues. I brought this to the attention of my Line Manager at the time, Jane Scott, and she arranged ad hoc training with an ex-member of staff in Urology which was an hour here and there for approximately 2 months.

37. **In your experience, did medical (clinical) managers and non-medical (operational) managers in urology work well together? Whether your answer is yes or no, please explain with examples.**

37.1 I believe medical (clinical) managers and non-medical (operational) managers in urology worked well together. I attended the Monthly Urology Scheduling Meetings and found both clinical and operational managers to work well together at that meeting.

Learning

38. **Are you now aware of governance concerns arising out of the provision of urology services which you were not previously aware of? Identify any governance concerns which fall into this category and state whether you could and should have been made aware of the issues at the time they arose and why.**

38.1 I have since left the Urology Service and therefore cannot comment in that regard. However, since moving to the Breast Service, I am aware that the new technologies (NIECR and e-triage), adequate capacity, and my attendance at Multidisciplinary Meetings all play a part in running a more effective service. The waiting times in the Breast Service for surgery and outpatient appointments are considerably shorter than those of Urology and therefore I feel the Breast Service, which has adequate capacity to care for their patients, is more effective and therefore does not present the same risk or potential for concern.

39. **Having had the opportunity to reflect on these governance concerns arising out of the provision of urology services, do you have an explanation as to what went wrong within urology services and why?**

39.1 I feel there wasn't adequate capacity in the Urology Service which led to long waiting times for both outpatients and elective waiting lists. Patients were having to wait too long to be treated in Urology.

39.2 While working in the Urology Service staff were not actively completing Incident Reporting forms (IR1) for any concerns they may have. Instead, staff raised their concerns through the Service Administrator. I am not aware if IR1 forms were completed by the Service Administrator. I feel the reporting of concerns/incidents should all be reported through Incident Reporting on DATIX.

40. **What do you consider the learning to have been from a governance perspective regarding the issues of concern within urology services**

and, to the extent that you are aware, the concerns involving Mr. O'Brien in particular?

40.1 Since the Investigation under the Maintaining High Professional Standards Framework was carried out the Trust implemented the Transfer to Status Form for the transfer of private patients into the NHS.

40.2 As I no longer work in the Urology Service I am not aware of any other learning from a governance perspective.

41. **Do you think there was a failure to engage fully with the problems within urology services? If so, please identify who you consider may have failed to engage, what they failed to do, and what they may have done differently. Your answer may, for example, refer to an individual, a group or a particular level of staffing, or a particular discipline.**

If your answer is no, please explain in your view how the problems which arose were properly addressed and by whom.

41.1 In reference to paragraphs 26.1 – 26.3 above regarding staff training and monitoring of workload, I believe there should be better arrangements regarding training for Secretaries and Audio Typists provided by the Service Administrators. Service Administrators should be more proactive in dealing with pressures encountered with heavy workload for Secretaries.

41.2 In reference to paragraph 26.4 above and the risk to patient safety and clinical care when there is a change of consultant, with a consultant leaving the service and a delay in a replacement starting, I believe that there should be a robust system in place regarding who is responsible for receipt of any urgent results in the interim period.

Urology Services Inquiry

41.3 In reference to paragraph 26.7 above and the issue of undictated clinic letters, I was aware that the charts for these patients and outcome sheets were held by Martina Corrigan from January 2017 until May/June 2017 without, I believe, any action being taken. I was never made aware if this work was ever completed and, if it was, by whom it was completed. As these duties were within the remit of my role as Secretary, I believe Martina Corrigan should have kept me informed when this work was completed and by whom.

42. **Do you consider that, overall, mistakes were made by you or others in handling the concerns identified? If yes, please explain what could have been done differently within the existing governance arrangements during your tenure? Do you consider that those arrangements were properly utilised to maximum effect? If yes, please explain how and by whom. If not, what could have been done differently/better within the arrangements which existed during your tenure?**

42.1 Regarding undictated clinic letters, I was aware this was a growing problem for Mr O'Brien during 2016. Mr O'Brien reassured me that the urgent dictation was completed and it was routine dictation that was outstanding. He did continue to address this backlog up until he commenced his [Personal Information redacted by USI] in October 2016. During [Personal information redacted by USI] November/December 2016 Mr O'Brien was communicating with me on a daily basis, by telephone, regarding this backlog and was indeed dictating approximately 10-15 letters per day. I appreciated that he was working through the backlog with maximum effect.

42.2 However, this was all halted in late December 2016 by Management (I am not sure who was directing this) and Mr O'Brien was subsequently suspended from his duty as a Consultant Urologist. The

Investigation under the Maintaining High Professional Standards Framework was then initiated. This backlog in dictation remained until at least May/June 2017 and I was never informed if the dictations and clinical outcomes were ever completely dealt with. I feel Mr O'Brien should have undertaken this workload and I should have been allowed to complete the administrative work associated with it.

43. **Do you think, overall, the governance arrangements were and are fit for purpose? Did you have concerns specifically about the governance arrangements and did you raise those concerns with anyone? If yes, what were those concerns and with whom did you raise them and what, if anything, was done?**

43.1 I refer to my response to Question 42 in this regard.

44. **If not specifically asked in this Notice, please provide any other information or views on the issues raised in this Notice. Alternatively, please take this opportunity to state anything you consider relevant to the Inquiry's Terms of Reference and which you consider may assist the Inquiry.**

44.1 I have nothing further to report at this stage based on what I currently know or can remember.

NOTE:

By virtue of section 43(1) of the Inquiries Act 2005, "document" in this context has a very wide interpretation and includes information recorded in any form. This will include, for instance, correspondence, handwritten or typed notes, diary entries and minutes and memoranda. It will also include electronic documents such as emails, text communications and recordings. In turn, this will also include relevant email and text communications sent to or from

to the Inquiry's Terms of Reference and which you consider may assist the Inquiry.

44.1 I have nothing further to report at this stage based on what I currently know or can remember.

NOTE:

By virtue of section 43(1) of the Inquiries Act 2005, "document" in this context has a very wide interpretation and includes information recorded in any form. This will include, for instance, correspondence, handwritten or typed notes, diary entries and minutes and memoranda. It will also include electronic documents such as emails, text communications and recordings. Is Professional Registration up to date? _____

KEY ISSUES & OUTCOMES

Have you read and understood your Post Outline?
Post Outlines can be accessed via Trust Intranet (KSF link)

YES ☑ NO ☐

Have Post Outline levels been achieved:

YES ☑ NO ☐

If no, record below what action to be taken:

COMMENTS

Staff members comments on his/her performance over past year:

Struggled @ level of typing support
feel we need audio
Support needed feels audio-typing.
→ Manageable workload typing
→ Private work - Ann does abit of everything we don't know about it's hard

Line Manager's Feedback on staff members performance over past year:

[redacted]
I have no issues with your work
Noleen give 100% all the time & does her best
She works extremely hard under circumstances
& I have told her to come to me
matter is upset, any time.

Objectives for Next Year:

→ Mandatory trains up to date
→ To escalate & come to me, be more open with what is going on work wise
→ Endeavour to change all of REG to accurate consultant, maintain 90% rate
→ Maintain 90% on recording of staff grades on AAD.
→ Maintain 90% rate on completion of letters on Patient centre - verified

Subject: DATA QUALITY REPORTS 3C &3D IDENTIFYING MISSING OUTPATIENT ATTENDANCES AND DISPOSALS

Dear all,

(With regard to your specific remit)

Please find attached Data quality reports - these reports were run from 01/04/15 to 29/02/2016

Report 3C Outpatient appointments with no attendance code recorded 649

Report 3D Outpa ent appointments with no disposal code recorded
26423

Below is an explana on and a 'how to' for this data quality issue.

EXPLANATION OF DATA QUALITY ISSUE
The a ached pa ent level reports provides details of outpa ent appointments with no a endance code and no disposal outcome recorded

HOW TO CORRECT THE DATA QUALITY ISSUE

To record the attendance code - this is recorded via Func on A TT

To record the Disposal outcome - this is recorded via Func on AAD

If you have any queries with these data quality monitoring reports please contact me.

The following is only for records to be validated after a 6 month me frame.

Clinics only remain actively appearing under ATT and AAD for up to 6 months.

Any attendances and disposals after 6 months will need to be recorded by individual patient.

The best way for users to record these would be via PatientCentre as PAS does not allow you to record the disposal fter 6 months.

In addition to the original reports, I have a ached a copy of the PatientCentre hand out for recording 'Single Attendance & Disposal'.

Received from SHSCT on 31/10/2022. Annotated by the Urology Services Inquiry.

I have also attached a copy of the PAS hand out for recording 'Single Attendance'.

I hope this is helpful.

Regards
