Dear All,

**Re: Heather Trouton Evidence**

I refer to the matter above.

Ms Trouton has sent me an email to make me aware of an error contained within her statement which can be found in her evidence bundle at WIT 14826. The first paragraph on that page states:-

*48. To the best of my knowledge the final letter was not shared with the Service Director or the Medical Director as they both were involved in agreeing the content, knew what it contained, and therefore there was no need to give them a copy of the letter at that point. I am unaware if the outcome of the meeting was shared with the Service Director or the Medical Director as I was not present at the meeting and therefore did not report back on same.*

Ms Trouton now instructs 'I now know that Mr Mackle did send the letter to Dr Wright on the 30<sup>th</sup> March 2016 (TRU-282022) although I wasn't copied into that email so I wouldn't have known.'

Ms Trouton advises that she will amend this during her oral evidence prior to adopting her statement as evidence to the Inquiry.

I would be grateful if you could bring this to the attention of Counsel.

Kindest Regards

**Emmet Fox**
