## UROLOGY PATIENT REVIEW FORM

This form is to be completed for each patient previously under the care of Mr O'Brien reviewed by the Southern Trust Urology team since Mr O'Brien's departure on 17th July 2020. This form is to be retained in the patient notes and copied to Martina Corrigan, Head of Service.

### Patient Details

Name	Personal Information redacted by the USI	
H&C Number		
Date of Birth		

### Patient Details

Presenting Condition(s)	
Patient Summary	<p>February 2020 high volume Gleason 3+4 tumour, PSA 25</p> <p>March 2020 started bicalutamide 150</p> <p>Bone scan May 2020 – no metastases</p> <p>Radiotherapy completed October 2020</p>

### Regarding the patients current care

1	<p><b>Is the present diagnosis / diagnoses reasonable?</b> (‘Reasonable’ to consider if <i>diagnosis / diagnoses is consistent with investigations and examinations carried out to date, is there a requirement for further investigations / examinations to confirm diagnosis / diagnoses?</i>)</p>		Yes
2	<p><b>Are the current medications prescribed appropriate?</b> (‘Appropriate’ to consider if <i>prescribing is consistent with current best evidence based practice, are any deviations from guidance recorded and rationale fully noted?</i>)</p>		N/A

3	<b>Is a secure clinical management plan currently in place?</b> <i>(‘Secure Clinical Management Plan’ to consider if the current patient treatment pathway is optimal and in line with current best evidence based practice and guidance)</i>		<b>Yes</b>
4	<b>If there is not a secure clinical management plan in place please document immediate actions required to be taken</b>		

**Based on the information available at the time of previous reviews, please answer the following to the best of your knowledge. If a determination cannot be made please give reasons why.**

No.	Question	Y / N / Unable to Determine	Details
4	<b>Were appropriate and complete investigations carried out for all relevant conditions?</b> <i>(‘Appropriate’ to consider if investigations consistent with current best evidence based practice at the time of review, are deviations from guidance recorded and rationale fully noted?)</i>		<b>Yes</b>
5	<b>Were the medications prescribed appropriate?</b> <i>(‘Appropriate’ to consider if prescribing was consistent with current best evidence based practice at the time of previous review, are deviations from guidance recorded and rationale fully noted?)</i>		<b>Yes</b>
6	<b>Were the diagnosis / diagnoses reasonable?</b> <i>(‘Reasonable’ to consider if diagnosis / diagnoses is consistent with investigations and examinations carried at the time of review, was there a</i>		<b>Yes</b>

	<i>requirement for further investigations / examinations to confirm diagnosis / diagnoses?)</i>		
7	<b>Was the clinical management approach taken reasonable?</b> <i>(‘Reasonable’ to consider if clinical management plan if the patient treatment pathway at the time was optimal and in line with best evidence based practice and guidance available at that time.)</i>		<b>Yes</b>
8	<b>Were there unreasonable delays within the Consultants control with any aspect of care (reviews, prescribing, diagnostics, dictation etc)</b> <i>(‘Unreasonable Delays’ to consider if diagnosis required more urgent treatment / intervention that was received based on best evidence based practice and guidance available at that time. The Southern Health and Social Care Trust will consider any delays in treatment highlighted to assess if these were within the Consultants control or due to systematic issues e.g. length of waiting lists)</i>		<b>No</b>
9	<b>On balance, did the patient suffer any harm or detriment as a result of any of the above questions (4-9) ?</b>		<b>No</b>

### Patient Details

Presenting Condition(s)	
Patient Summary	September 2019 haematuria – normal ultrasound Normal cystoscopy - discharged

Regarding the patients current care

	Question	Y / N / Unable to Determine	Details
1	<b>Is the present diagnosis / diagnoses reasonable?</b> ( <i>'Reasonable' to consider if diagnosis / diagnoses is consistent with investigations and examinations carried out to date, is there a requirement for further investigations / examinations to confirm diagnosis / diagnoses?</i> )		<b>Yes</b>
2	<b>Are the current medications prescribed appropriate?</b> ( <i>'Appropriate' to consider if prescribing is consistent with current best evidence based practice, are any deviations from guidance recorded and rationale fully noted?</i> )		<b>N/A</b>
3	<b>Is a secure clinical management plan currently in place?</b>		<b>Discharged</b>

	<i>('Secure Clinical Management Plan' to consider if the current patient treatment pathway is optimal and in line with current best evidence based practice and guidance)</i>		
4	<b>If there is not a secure clinical management plan in place please document immediate actions required to be taken</b>		

Based on the information available at the time of previous reviews, please answer the following to the best of your knowledge. If a determination cannot be made please give reasons why.

No.	Question	Y / N / Unable to Determine	Details
4	<b>Were appropriate and complete investigations carried out for all relevant conditions?</b> <i>('Appropriate' to consider if investigations consistent with current best evidence based practice at the time of review, are deviations from guidance recorded and rationale fully noted?)</i>		<b>Yes</b>
5	<b>Were the medications prescribed appropriate?</b> <i>('Appropriate' to consider if prescribing was consistent with current best evidence based practice at the time of previous review, are deviations from guidance recorded and rationale fully noted?)</i>		<b>N/A</b>
6	<b>Were the diagnosis / diagnoses reasonable?</b> <i>('Reasonable' to consider if diagnosis / diagnoses is consistent with investigations and examinations carried at the time of review, was there a requirement for further investigations / examinations to confirm diagnosis / diagnoses?)</i>		<b>Yes</b>

7	<b>Was the clinical management approach taken reasonable?</b> <i>(‘Reasonable’ to consider if clinical management plan if the patient treatment pathway at the time was optimal and in line with best evidence based practice and guidance available at that time.)</i>		<b>Yes</b>
8	<b>Were there unreasonable delays within the Consultants control with any aspect of care (reviews, prescribing, diagnostics, dictation etc)</b> <i>(‘Unreasonable Delays’ to consider if diagnosis required more urgent treatment / intervention that was received based on best evidence based practice and guidance available at that time. The Southern Health and Social Care Trust will consider any delays in treatment highlighted to assess if these were within the Consultants control or due to systematic issues e.g. length of waiting lists)</i>		<b>No</b>
9	<b>On balance, did the patient suffer any harm or detriment as a result of any of the above questions (4-9) ?</b>		<b>No</b>
