See attached list. This is a list of clinics that Mr O'Brien has not dictated on and hence no outcome for some of these patients. There is a risk that something could be missed so I am escalating to you, although I know that a lot of the time Mr O'Brien knows himself what is to happen with patients. Unfortunately this was not highlighted on the backlog report. The secretary assumed we knew because there have always been issues with this particular consultant's admin work from our perspective.

As learning from this discovery I have asked all secretaries to provide this information on the backlog report so that we fully understand the whole picture of what is outstanding in each specialty. The secretary also advises that at present Mr O'Brien is working on some of his backlogged admin work as he is off Personal Information redacted by the USI.

Der Ronan

In September, the following information was provided in relation to Outpatient Review Backlog:

As at 31st August 2016, you had 658 patients on your outpatient review backlog, including 229 going back to 2014.

Would you have updated information in relation to this area of his practice?

Kind regards

Simon

Ronan / Martina

I have ran a PAS query to see how many charts are tracked out to Mr O'Brien. I believe this will be useful for your meeting next Friday:

Tracking code	Description	No. of charts tracked to AOB
CU2	Mr AOB O'Brien	8
COABO	AOB office	210
CURWDO	AO Brien Urology cl	0
CURWOB	AOB urology CAH	0

Happy to talk through.

Ronan

I have undertaken an audit of 11 SWAH clinics

There were 183 patients attended, I did a random audit on 98 charts and 55 were tracked to AOB = 56%

Do you want me to do anymore?

I have gone through the 59 pts who had TURP under AOB in 2016. 7 pts were seen by AOB privately. I have attached PP letters.
