The Birthplace of Jesus

The Church of the Nativity is built above a cave in the small town of Bethlehem. This is believed to be the manger where Jesus was born. A star marks the exact place of Jesus' birth. A Latin inscription proclaims:

"HERE THE WORD WAS MADE FLESH"

At the heart of the Church of the Nativity is the Birthplace of Jesus (above).

Dear Mr O'Brien

On behalf of [redacted] and myself I would like to try and express our sincere thanks to yourself, your Registrar Matthew, your nursing staff and everyone connected to looking after my father throughout his time spent in your care.

I would just like to mention that in all the other hospitals that my father has been in over the recent years none could compare to the care and attention to detail that he received at the Craigavon Area Hospital and this has gone a long way towards my father having a peaceful and comfortable time as a patient in your hospital and giving us all the strength to cope with our bereavement knowing that he was receiving the best possible care available.

It would be impossible to thank everyone personally but if you could mention to those directly involved with my father over the time spent in the Craigavon Area Hospital it would be very much appreciated.

Once again many thanks from all the family.

Dear Mr. O'Brien,

I didn't want to waste any time in dropping you a line to thank you most sincerely for the care being provided to my father 

As Dad will confirm I am not often lost for words (he and I often find ourselves locked in "debates"!) I am struggling however to convey the magnitude of how grateful our whole family are for everything you and your team have done for him to date.

I know that Dad was resigned to the Wrostowny, but that in reality he was pretty devastated at the thought of having a second bag. It goes without saying therefore that he, and the rest of the family are so totally thrilled at the chance you have given him at some sort of normality.

Wednesday 22nd July

Dear Aidan

Thank you for your call on Saturday, there is no-one I would rather have heard from than you, and I am absolutely delighted that you remembered me. I haven't forgotten you, I thank God for the good fortune I had to be under your care and for every minute of this last two and a half years.

Briefly, when I was discharged from CAH I was extremely weak for approx 5 weeks, then over the course of 2 or 3 days my strength returned and I began to gain weight and get my strength back. My quality of life since then is excellent, everything is good, no aches, pains or problems.

I have been attending BCH getting 3 monthly scans and being monitored by Dr Clayton who is on leave, presently I am being cared for by Dr Mc Aleer. I am not on any medication, my blood pressure is normal, not losing any weight, only symptom I have is a shortage of breath sometimes. Dr Mc Aleer has told me he won't interfere unless he has to, but he feels that as the spots in my lungs have got bigger, treatment is now necessary.

As you can see from my notes they are being very cautious as my remaining kidney is only operating at 28%. I have had lots of tests and at the moment I am waiting for a biopsy by Dr Quinn in Haematology, who when he has the results will laise with Dr Mc Aleer and plan a course of treatment. Dr Quinn thinks he may be able to do something with steroids?? The care I am getting at BCH is excellent, nothing is too much trouble. I have an appointment with Dr Quinn on 10th August, hopefully the biopsy will be done by then and they will have decided what action needs to be taken. I will keep you informed.

Dear Mr O'Brien,

It is with deep regret we wanted to let you know of the recent, sudden death of our mother

Personal Information redacted by the USI

Heartbroken as we are we realise we have so much to be thankful for and a big part of that thanks is due to you. Thank you for her last twelve years of quality life, which our mother always acknowledged was down to you and your skill as a surgeon.

We used to joke with her, as, when on her many review visits to your clinic she always wanted to look her best. She saw this as a tribute to you. She wanted to show you that, the surgery you carried out on someone in their eighties had been worthwhile, something she appreciated every day.

On the evening of the 21st August, 1879,
the Blessed Virgin Mary, St. Joseph and St. John the Evangelist
appeared at the south gable of the church at Knock, County Mayo, Ireland.
Beside them and a little to their left was an altar with a cross and the figure of a lamb,
around which angels hovered.
There were fifteen official witnesses to the Apparition – young and old – who watched
and prayed for two hours in pouring rain.

Two Commissions of Enquiry, in 1879 and 1936,
accepted their testimony as trustworthy and satisfactory.

Today, Knock ranks among the world's major Marian Shrines.

This card is long overdue. I'm ashamed to have put it off so long!

When he was in hospital Personal information redacted by the USI asked me to bring in a "Thank you"

Mass Bouquet card for you - this is the actual card I brought in but sadly he never got round to writing on it. He wanted to thank you for all your kindness, care & attention. He really loved to see you on the ward & always stretched out his hand as you approached.

As his first anniversary gets closer, I can almost feel him nudging me to send the card!!

Many thanks from me & all the family. We found you very easy to talk to and we were all impressed by your lovely bedside manner.

Dear Aidan,

I wish to thank you very much for the excellent and kind care you gave me last year when I was diagnosed with prostate cancer. I greatly appreciate your clinical and surgical expertise at a time when I was unsure and concerned about the outcome.

The successful TURP procedure gave me great relief and hope for a future without the severe discomfort I was having. I had the radiotherapy treatment during the months of April and May in Altnagelvin Hospital. David Stewart and his team were excellent. I have largely recovered from the side effects and feel much better now. With ongoing monitoring of the condition and continued medication, I am hopeful that I will have a little more time before I shuffle off this mortal coil.

If I remember correctly, you are coming near your retirement date. If we don't meet before that date, I wish you the best of health and good cheer in your retirement.

you all in these days

from

Dear Mr O'Brien

Thank you for your letter informing me of your retirement, I was shocked and saddened to hear of what has happened and trust you will have no problem sorting it all out in the very near future.

Good Luck

From the outset of my journey through Prostate Cancer, I found you calming, totally reassuring and friendly. I ~~never~~ had any concerns after my appointments and put my full trust in you. I would have no qualms joining you in your fight against these allegations!

I can only wish you a long and happy retirement once this is sorted!

Dear Aidan,

I am so sorry to hear you have retired. I want to thank you so much for your help and kindness to me when I visited you. You had such an interest in your patients you tried so hard and went way above the call of duty to help people. It is a bloody pity there was not more consultants like you.
